

CHARGE ACROSS THE LIFESPAN: FROM HEAD TO TOE

* Coloured/shaded boxes indicate key assessment points

		INFANCY	CHILDHOOD	ADOLESCENCE	ADULTHOOD
NEURO- LOGY	Cranial nerve problems				
	Hypoplasia olfactory bulb, holoprosencephaly - MRI				
	Seizures/epilepsy - EEG				
EYES, EARS, NOSE AND THROAT	Coloboma, retinal detachment – Dilated eye exam				
	Corneal exposure – Lubricating eye drops				
	Audiology assessment				
	ENT and plastic surgery consultations				
	Adaptive services for deaf-blind individuals				
	Temporal bone CT, MRI ears for auditory nerve				
	Cochlear implant assessment				
	Adenoid hypertrophy, tonsils				
	Sinusitis				
	Sialorrhea				
Sleep apnea assessment/treatment					
CARDIOLOGY/ RESPIROLOGY	ECHO, CXR				
	Vascular ring				
	Anesthesia risk				
	Stress test				
	Heart disease screening; including arrhythmias				
GASTROENTEROLOGY/ GENITOURINARY	Feeding team assessments/interventions				
	May need supplemental feeds (via tube)				
	GERD				
	Aspiration risk, TEF				
	Renal and bladder ultrasound				
	Constipation				
ENDOCRINOLOGY	Growth—height and weight-risk for obesity				
	Undescended testes/ micropenis				
	Females – labial anomalies				
	Puberty				
	Bone health				
IMMUNOLOGY/ GENETICS	Immunoglobulins, T-cell function				
	Routine immunizations				
	Clinical diagnosis				
	Genetic testing				
	Genetic counseling				
MSK	Scoliosis/kyphosis				
	Mobility				
PSYCHOLOGY/DEVELOPMENTAL	Sleep disturbances				
	Anxiety/OCD				
	Anger/mood management				
	Transitions (school, situations, places, systems)				
	Delayed milestones				
	Toileting skills				
	Gross and fine motor skills (OT, PT)				
	Communication and Language				
	Adaptive devices				
	Psycho-educational assessment- functional learning				
	Life and social skills				
	Sexuality				
SELF-MANAGEMENT (AS APPLICABLE)	Counts out/takes own medication(s)				
	Fills medication pill boxes (weekly/monthly)				
	Knows signs/symptoms/triggers of conditions/diary				
	Calls in prescriptions/reorders medications				
	Sees physician/health provider independently				
	Makes own appointments
