

Jenn Kile - Ohio

Who's In Your Family? Logan (11), Richard (Dad) and Jenn (Mom / Logan's personal secretary)

What do you want people to know about your family? We live in Hilliard, Ohio where Logan attends 5th grade. Richard works for Abbott Nutrition and I am an intervention asst. in a k-2 classroom. My college major was ASL and I wanted to be an interpreter. When that didn't pan out, I spent 23 years as an optician. Yes...this child was meant to be ours!

Why do you Volunteer with the Foundation? We felt so alone the first few years and finding the CHARGE foundation was like finding family. I hope to share experiences, fears, ideas and hope with other members of this CHARGE family.

What activities do you like to do? Logan loves to go fast! We can be found on a boat, a bike and on roller coasters most of the summer. He also loves water so in addition to his DAILY bubble bath, he loves to swim. A sensory seeker, Logan always leads us to music and light shows of any kind. The photo to the left is Logan at an OSU game where his favorite part was the band. In fact, he waited at the stairs and gave every single band member a high five!
