

# Jenny Forren- West Virginia

## Who's In Your Family?

Jenny (mom)

Willie (dad)

Eli (has CHARGE syndrome)

## What do you want people to know about your family?

Jenny works part time as medical assistant and Willie is a farm manager. We live in very rural area, but love every bit of it! Eli is almost 2 years old. He has come so far and continues to grow and learn.

## Why do you Volunteer with the Foundation?

When I first learned of my son's diagnosis, I felt so alone and scared. Connecting with other families helped me see I wasn't alone in this. I hope to be that helping hand in other families' journey with CHARGE and help them connect with the foundation.

## What activities do you like to do?

Our family loves spending time outdoors: walking, fishing, riding on trails. Eli loves being outside!

We would rather have a family cookout than dining at a restaurant.

Some of Eli's favorite activities are books and puzzles. He loves animals, especially ducks!
