Summer Activities

Ideas for Summer

With schools out for the summer, you may be looking for activities to keep your child entertained and engaged at home.

We have put together a list of seasonal and at-home resources to help you and your family have fun and learn together at home, outside, and in the community!

Ideas include: water and sensory play at home, geocaching in your neighborhood or town, sensory friendly movies, and many more!

Give Up Your Cup Fundraiser

How much could you save by giving up your daily coffee shop run and making coffee at home instead?

For the month of July, we are asking you to make a difference with your savings! If you save just \$2 per day, that is a possible \$62 donation for The CHARGE Syndrome Foundation!

Have your friends, family and work colleagues join you. Keep track of how much you save each day and donate at the end of the month!
