

# 15th International CHARGE Syndrome Conference

July 20-23, 2023 | Orlando, FL

## Research at Conference

Join us for the single largest gathering of individuals with CHARGE in the world. Located at the luxurious Rosen Shingle Creek resort in Orlando Florida, our 15th International CHARGE Syndrome Conference is expected to attract more than 1,300 people, including an estimated 250 individuals with CHARGE, their families and professionals.

Conference will provide a unique opportunity to bring international researchers and professionals working in this rapidly evolving field together, alongside those impacted by CHARGE syndrome to conduct research, develop joint research projects, present papers on their latest developments and collaborate on funding opportunities.

If you are interested in conducting research at Conference, please fill out this form by 4/1/23: [CLICK HERE](#)

## → Professional Day

Professional Day is intended to be a venue for peer interaction among professionals working in the field of CHARGE syndrome. There will be platform presentations, a poster session, breakout sessions and panel discussions.

## → Research Advisory Meeting

A meeting of experts engaged in CHARGE research will take place the afternoon of Friday, July 21, 2023 at Rosen Shingle Creek. The purpose of this meeting is to engage in robust discussions regarding the current status of CHARGE related research and to outline future research goals in a collaborative setting. Researchers will have the opportunity to share research results and break out into small groups and explore novel approaches together.

Please contact [David Wolfe](#) to secure your spot.

## → Registration Fees

Professional Day Only July 20, 2023	\$220
Professional Day + Research Advisory Meeting and Full Conference Access July 20-23, 2023	\$599

Registration includes meals. Attendees are still responsible for their own travel expenses and hotel reservations.

Registration Opens 3/1/23.

## → Funding Opportunities

The foundation has made a limited amount of funding available to defray the expenses of attendance for researchers planning on conducting research on-site or attending the Research Advisory Meeting.
