Community

"I remember the first time I walked into a CHARGE conference. Everyone's kids so similar to my own. Nobody batting an eye or giving a second thought to what the real world considers unusual behaviors. We finally found a place where we fit in and have not missed a single conference since our first."
-Joanne L.

Connection

"CHARGE syndrome means a unique life for people. Conference is a fun get-together with old and new friends where we learn about and celebrate our challenges and strengths. There are awesome events and I feel happy and excited to be with everyone. When I leave I can't wait for the next conference."
-Megan S.

Education

"We loved attending Conference. I think it is an amazing place to learn and expand your knowledge. Knowledge is power!"
-Taylor H.

RISING FROM CHALLENGES TOGETHER**

16th International CHARGE Syndrome Conference
Phoenix, Arizona • July 24-27, 2025

Greetings,

On behalf of the CHARGE Syndrome Foundation, we want to invite you to become an exhibitor at our biennial international conference, to be held from July 24-27, 2025, at the JW Marriott Phoenix Desert Ridge Resort & Spa in Phoenix, AZ.

The CHARGE Syndrome Conference provides an outstanding opportunity for you to reach hundreds of professionals, families, and individuals with CHARGE syndrome. Increase your market outreach while supporting the only national organization dedicated solely to serving people affected by CHARGE syndrome, the leading cause of congenital deafblindness.

Our upcoming Conference promises to be something truly special. We're expecting over 1,200 people to join us for a life-changing and affirming weekend of learning, collaboration, support, and fun!

We hope you'll take advantage of this great opportunity. Please make your commitment to be an exhibitor today. For more info, contact us directly at Info@CHARGEsyndrome.org.

Since 1993, the CHARGE Syndrome Foundation has grown significantly, spreading its impact across the United States and globally. Our work matters because it helps individuals with CHARGE and their families as they face one of the biggest challenges of their lives.

The Foundation covers the cost of over 250 individuals with CHARGE at every Conference, committed to never charging them a registration fee to attend. And while our Foundation is best known for hosting life-changing conferences, it also serves our community in so many other ways. Over the past 30 years, the Foundation has directly supported thousands of families with our programs and outreach, as well as funding 36 Pilot Research Grants - with total awards well over \$1M - to dozens of top researchers across the globe. These grants have led to nearly \$12 million in funding from the National Institutes of Health.

The CHARGE Syndrome Foundation, Inc. is a 501(c)(3) charitable organization. The primary goals of the Foundation include: increasing our family support and outreach efforts, expanding and sharing our knowledge of CHARGE syndrome, building networks and partnerships, and investing in groundbreaking research.

What Does Conference Mean to You?

“Family. While there is no cookie cutter individual with CHARGE, one would not suspect that Jocelynn has a genetic mutation. Even so, we have been accepted without question, as family. We have been loved, as family. She may not have the same difficulties that others may have, but we always feel like family. We all have shared experiences, and the conference not only give us a chance that we may not otherwise get to relate to others in the CHARGE family, but to see them grow and succeed. We are all invested in this journey together, we are all family!” -Michael B.

Who Will You Meet at the CHARGE Syndrome Conference?

The 2025 Conference is expected to attract more than 1,200 people, including individuals with CHARGE, their families, and the professionals who work with them...all seeking all of them searching for information about the products and services you offer. Being an exhibitor offers you the opportunity to interact with:

- Individuals with CHARGE syndrome
- Family members and caregivers
- Teachers of Students who are Deaf and/or Visually Impaired
- Orientation & Mobility Specialists
- Physicians
- Physical & Occupational Therapists
- Audiologists
- Speech Language Pathologists
- CHARGE researchers
- Representatives from organizations, schools and government agencies who support people affected by deafblindness...and more

What Would Attendees Like to Learn About?

- Educational Placement and Advocacy
- ASL Learning
- Adaptive Equipment
- Sleep Aids
- Assistive communication...and more

Exhibitors have the potential to reach more than 1,200 Conference attendees.
